

# Diversity and Inclusion

## Intuit's Employee Networks

Employee networks help create a diverse and inclusive work environment that drives a high-commitment, high-performance organization and encourages employees to bring their whole selves to work.

An employee network is a company-recognized group of employees whose charter and priorities align with those of Intuit and the Diversity Council. Employee network membership is voluntary and open to all Intuit regular employees.

**Visit the Employee Networks area under "Communities" on Insight for more.**

### Intuit Pride Network

Intuit Pride is a network of engaged lesbian, gay, bisexual, transgendered and allied employees empowering each other and our customers to achieve their dreams.

### LatinosConnect @ Intuit

LatinosConnect @ Intuit aims to celebrate diversity in an inclusive environment. We engage and develop Latino leaders to be the best they can and seek ways to leverage our culture and connect with other communities.

### Intuit Women's Network

Intuit Women's Network harnesses the power of women to grow ourselves, grow the business and impact our communities. We do this by sponsoring programs with a female focus for employees, connecting with women's business networks, and partnering with WCGB to amplify the voice of women wherever we can.

### African American Network

Intuit's African American Network inspires a supportive business community that empowers Intuit's African-American employees to do great things inside and outside of Intuit. The AAN is committed to leadership, development and driving a diverse pipeline of talent.

### Intuit Indian Network

Intuit employees and communities around the world are inspired to connect, celebrate Indian culture, and grow ourselves and the business.

### Next Generation Network

The Next Generation Network is committed to creating an environment where early career employees smoothly transition into the workforce and receive the support they need...and have a lot of fun in the process! NGN is focused on creating opportunities for members to develop, socialize and innovate.

### Asian & Pacific Islander Network

The Asian & Pacific Islander Network seeks to build a community of leaders to help drive Intuit's growth, by growing together as individuals and professionals while creating awareness and appreciation of our Asian and Pacific Island cultures.

### Intuit Faith Networks

A faith network is any employee-driven network in which the members primarily associate based on common ideas or beliefs typically of a spiritual origin, or interests in such ideas or beliefs.

### Intuit Christian Action Network

A faith network where Christians, colleagues and our extended communities are inspired to learn and grow together, engage with our global workplace, bring our whole selves to work, and be the best we can be.
